

# 304 Series™

Parking Structure Luminaire – Mounting O - 25

## Product Description

Cree 304 Series is a highly versatile fixture which adapts to a wide range of applications: from gas station forecourt canopies, to industrial installations and tunnel lighting. The mounting system allows for extremely rapid and simple ceiling installation. Luminaire is constructed from rugged die cast and extruded aluminum components. LED driver is mounted in a sealed weathertight center chamber that allows for access from below the luminaire.

High performance aluminum heat sinks specifically designed for LED parking structure application. Mounting brackets designed to mount directly over existing flat ceilings for direct mount.

## Performance Summary

Utilizes BetaLED® Technology

Patented NanoOptic® Product Technology

**CRI:** Minimum 70 CRI

**CCT:** 5700K (+/- 500K) Standard, 4000K (+/- 300K)

**Limited Warranty†:**

10 years on luminaire / 10 years on Colorfast DeltaGuard® finish

## Ordering Information

## Product Specifications

### CONSTRUCTION & MATERIALS

- Constructed from rugged die cast and extruded aluminum components
- LED driver is mounted in a sealed weathertight center chamber that allows for access from below the luminaire
- High performance heat sinks specifically designed for LED parking structure application
- Mounting bracket is designed to mount directly over existing flat ceilings for direct mount
- Exclusive Colorfast DeltaGuard® finish features an E-Coat epoxy primer with an ultra-durable powder topcoat, providing excellent resistance to corrosion, ultraviolet degradation and abrasion. Available colours are White, Silver, Silver Bronze, Bronze and Black

### ELECTRICAL SYSTEM

- Input Voltage:** 220-240V, 50/60Hz
- Power Factor:** > 0.9 at full load
- Total Harmonic Distortion:** < 20% at full load
- Integral 10kV surge suppression protection standard
- To address inrush current, slow blow fuse or type C / D breaker should be used

### REGULATORY & VOLUNTARY QUALIFICATIONS

- CE / ENEC Listed
- Enclosure rated IP66 per IEC 60529
- 10kV surge suppression protection tested in accordance with IEEE /ANSI C62.41.2
- Luminaire and finish endurance tested to withstand 5,000 hours of elevated ambient salt fog conditions as defined in ASTM Standard B 117
- RoHS Compliant

## Photometry

All published luminaire photometric testing performed to IESNA LM-79-08 standards by a NVLAP certified laboratory.
